

How to Enable File Sharing on a PC

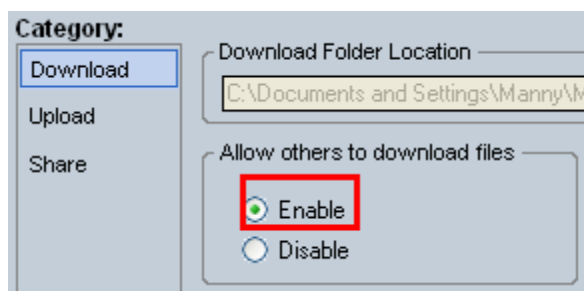

1. From the VMobility Client main menu, click on **Options + Preferences**.

2. From the **Preferences** window, select the **File Sharing** category.

3. Select the **Download**, then select “**Enable**”. This will allow other VMobility-enabled PCs in your network to access your ShareFolder. (For more details about your ShareFolder, view the “How to Share Files” demo.

4. Click **Apply** and click **OK**.
