

How to Remove Folders being Shared

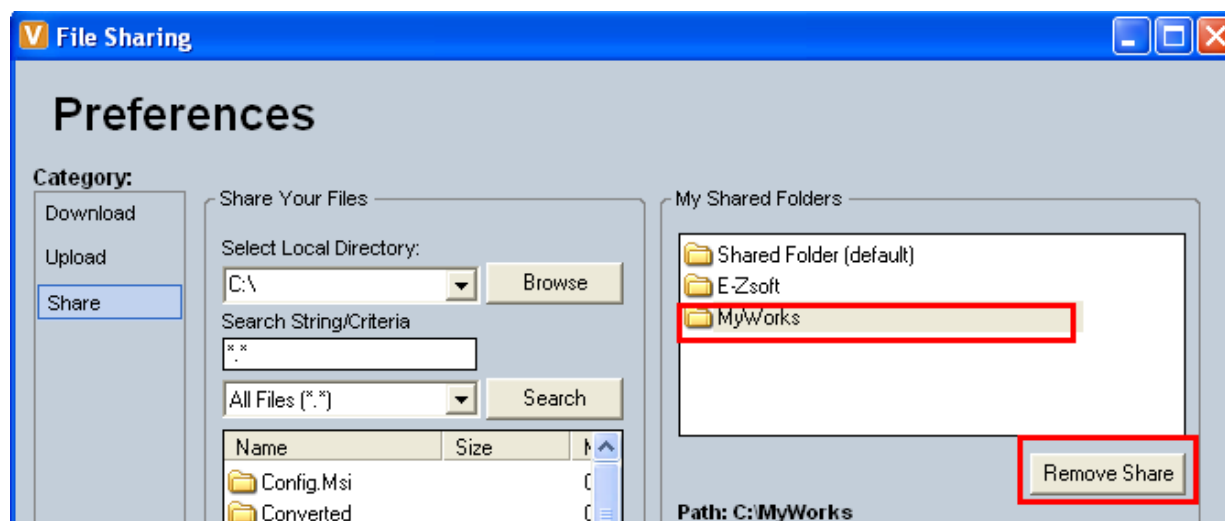

1. From the VMobility Client main menu, click on **Options + Preferences**.

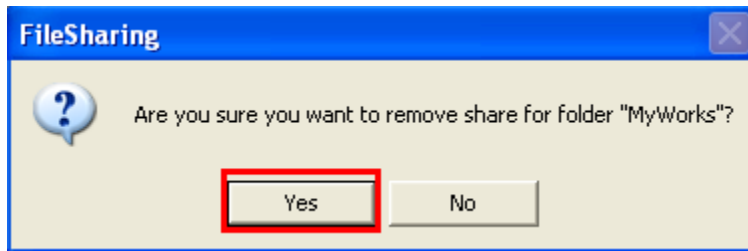

2. Under Category, select **FileSharing**.

3. The File Sharing window will appear. Select the folder/file/directory you want to remove and select **Remove Share**.

4. You will be prompted to decide if you want to remove the folder for sharing. Select **Yes**.

The illustration below shows that the folder has been removed.
